Tel Aviv, Israel, Oct. 22—(AP)—Israel ordered her troops to cease fighting in the Negev desert at 3 p. m. today (7 a. m. EST), the government announced.

The Egyptian government announced in Cairo it has informed the U. N. Mediator Dr. Ralph Bunche, that it has ordered Egyptian troops to stop fighting in Palestine in accordance with the U. N. order.

Three hours after the deadline, an Israeli army spokesman declared: "There is absolute quiet on the whole southern front."

Earlier in the day, air raid sirens wailed in Tel Aviv. Anti-aircraft fire could be heard, but no planes were visible.

The Jewish announcement came almost simultaneously with the wall of air raid sirens in Tel Aviv, the capital's first daylight alert in three months. Anti-aircraft fire could be heard, but no planes were visible.

The cease fire order met the deadline set by the acting United Nations mediator, Dr. Ralph J. Bunche.

Egyptian artillery pounded Israeli-held roads in southern Palestine this morning apparently in a last-minute blow before the cease fire was to take effect, the Jewish army said.

Gunfire snarled traffic and halted a convoy of civilian cars which had been scheduled to take a party of newsmen to Beersheba, capture of which was reported by the Israeli army yesterday.

The battle of the Negev desert is a week old.

The cease fire order was handed the government of Israel at 1 a. m., 14 hours before the deadline, U. N. officials said. Israel had asked a 12-hour margin after receipt of the message, to allow time for issuance of orders to advance positions to stop shooting.

The daylight air raid alert lasted an hour and a half without planes appearing over Tel Aviv. It was reported unofficially that some small bombs were dropped in the general coastal area, south of the Israeli capital.

Despite reports that the Egyptians were shelling roads leading to the Negev, 12 U. N. observers were to be dispatched shortly after midnight to watch the cease fire go into effect. They will be distributed at six points throughout the southern desert area, it was learned.

Fall of Beersheba yesterday undermined the positions of the Egyptians, who invaded Palestine five months ago. The Egyptian front appeared in danger of crumbling into isolated pockets of resistance against a Jewish offensive. (Turn to Page Eleven)

**Beaumont Veteran New Legion Chief**

Miami, Fla., Oct. 22—(AP)—Perry Brown, the American Legion's newly-elected national commander, and about 70,000 other Legionnaires were on their way home today.

They wrapped up the 30th annual national convention late yesterday with unanimous approval of Brown for the Legion's highest office.

When the 58-year-old Beaumont, Tex., business man election became apparent midway in the balloting, one opponent, George N. Craig, of Brazil, Ind., yielded. As balloting ended, the third man in the race—James E. Green, 33, of Omaha, Neb.—moved to make it unanimous.

Brown is a veteran of both World Wars.

The national executive committee will meet in Indianapolis next month to choose a site for next year's convention. Only Philadelphia and Miami extended invitations. Boston put in a bid for the 1950 meeting.

The resolution approved by the Legionnaires approved pensions for honorably discharged veterans of World War I or World War II.

**Two Held In Plot To Extort \$100,000 From New York Man**

New York, Oct. 22—(AP)—A plot to extort \$100,000 from Edgar F. Luckenbach, Jr., heir to a steamship fortune and "angel" for Broadway shows, was disclosed today by police.

Detectives said the scheme had been broken up with the arrest of two men, one of whom admitted sending an extortion letter.

Detectives seized one of the men last night outside Luckenbach's East Side home, after the steamship family scion had emerged with a package purportedly containing the extortion money.

Luckenbach, now 23, inherited two-thirds of \$100,000 left by his father at the latter's death in 1945. He has backed several Broadway shows and produced two under his own name.

Detectives said the letter received

**Democratic Candidates For Congress Expecting Boost Through Truman Penn'a Trip**

Washington, Oct. 22—(AP)—Some political observers here wondered today if President Truman's return trip to Pennsylvania tomorrow isn't aimed more at helping Democratic congressional candidates than aiding him.

Their reasoning was this: The Democrats have never expressed cock-sure claims of carrying the state for Mr. Truman, but they have said the party may take as many as five or six congressional seats from the Republicans. The state's 33-man congressional delegation now is made up of 28 Republicans and five Democrats.

This reasoning was strengthened by the president's announced intention to speak in Wilkes-Barre, Scranton, and Johnstown en route to Pittsburgh.

All of these are important industrial and coal mining centers whose labor support Mr. Truman would like to win.

So, obviously, he's out to do some good for himself, if he can. But they also are in congressional districts where the Democrats have said they have good chances to capture Republican-held congressional seats. What's more, they adjourn their congressional districts where Democrats have expressed equal confidence.

One prominent Republican who has just returned from a swing through Pennsylvania told a reporter he thinks the count after the election will be just about the same 28-to-5 figure. He conceded the Democrats a chance of winning in the Scranton district, but he contended the Republicans also have a pretty good chance of defeating Walter.

Harrisburg, Oct. 22—(AP)—President Truman's visit to Pennsylvania tomorrow means a "finishing punch" to Republican hopes of carrying the state, says Democratic State Chairman Philip Matthews.

Reports from Scranton, Wilkes-Barre, Johnstown and Pittsburgh, he said, indicate "people of those industrial centers are eager and anxious to see and hear him." The four cities are on the executive's itinerary for his flying trip to the Keystone State.

Matthews' statement last night was released simultaneously with a statewide radio broadcast by Rep. Richard M. Simpson, Huntington, who criticized the president's attacks on the 80th congress.

The dean of the state's Republican congressional delegation said attacks of this sort could prove to be the opening wedge for dictatorship in America.

Simpson praised his colleagues for passing the Taft-Hartley law, terming it a protection for the American people "against labor violence."

In another political development, the A.L.C.-Pennsylvania Federation of Labor adopted a "hands-off" policy in the race for state treasurer and auditor general.

**TEN NAZI WAR GUILTY HANG AT LANSBERG****Executions Take Place As Scheduled Despite Protests of Church Leaders****IN PRISON COURTYARD**

Munich, Germany, Oct. 22—(AP)—Ten German war criminals were hanged today at Landsberg prison, despite recent appeals of Garman Catholic and Protestant Church leaders that further executions be halted.

Alex Piorkowski, 44, one-time commander of the Dachau concentration camp, and former S. S. Col. Hans Trummer, 48, who passed out cigars to his troops after they killed parachuted aviators, were the best known of the ten.

The men went to the gallows under a gray sky in the courtyard of the prison where Hitler wrote "Mein Kampf."

All were convicted by American courts of shooting unarmed American fliers or torturing and killing concentration camp inmates.

The plea for suspension of the executions of 139 war criminals under death sentence was made by churchmen after 10 other Germans had been hanged at Landsberg last Friday for similar crimes.

In telegrams to U. S. Secretary of the Army Kenneth Royall, the church leaders asked that the hangings be halted until further investigation showed whether conviction of those involved had been properly obtained.

The telegrams were signed by Catholic Bishop Johannes Neuhäuser of Munich and Dr. Theophil Wurm, chairman of the Council of Evangelical Churches of Germany.

The 10 executions were completed in about an hour and a half.

The other eight hanged were Arthur Fuhr, 38, Michael Raaf, 42, Karl Franz Statman, 37, Emil Hoffman, 55, Herbert Kunze, 35, Fritz Dietrich, 50, charged with killing fliers; and Wladislaw Dopierala, 50, and Wenzel Wodak, 38, charged with killing inmates of concentration camps.

Piorkowski, a former pencil salesman who became an S. S. (Elite Guard) lieutenant colonel, was commander of the Dachau camp from March 1940 to June 1942.

An army announcement said he was convicted of supervising "beatings, tortures, starvation, abuses and indignities of all kinds resulting in the death of many inmates."

**Governor Awaiting Morganza Report**

Harrisburg, Oct. 22—(AP)—Gov. James H. Duff today awaited a "completed and detailed" report on the Pennsylvania Training School at Morganza before taking action on the institution.

The Welfare Department is investigating disciplinary measures at the western Pennsylvania reformatory.

The sum of the course, keenly interested in the operations of this place, as I am in all other institutions in the state," said Duff yesterday in a comment to reporters.

Fred W. Brady, director of the State Bureau of Corrections, said the inquiry was started last month in the wake of complaints to the governor on punishment of boys at the institution.

Charlie R. Barber, state welfare secretary, recommended dismissal of Gordon Warbaugh, assistant superintendent at Morganza, in a previous investigation. The school's board of trustees is acting on the matter.

**LOOKS LIKE GOTHAM BEER DROUGHT OVER**

New York, Oct. 22—(AP)—The end of New York City's beer drought appeared in sight today.

CIO Union leaders and brewers announced last night settlement of an eight-day walkout of 3,000 beer truck drivers and helpers.

The settlement, by both union officials and operators, throttled the deliveries of 12 major breweries and cut the normal flow of beer to a mere trickle.

There was no immediate indication, however, how rank-and-file workers within the union, the CIO Brewery Workers, would respond to the back-to-work agreement.

**BUSINESS REPORTED NORMAL IN DISTRICT**

Pittsburgh, Oct. 22—(AP)—Business could have been called normal in the Pittsburgh district last week.

The index of the Bureau of Business Research of the University of Pittsburgh stood at 195.6 percent of the 1935-39 average, exactly the same as for the comparable week in 1947. It was almost a full point higher than the 1947 recorded for the week of Oct. 9.

**RAIN PREDICTED**

Pittsburgh, Oct. 22—(AP)—Light rains tonight and scattered showers tomorrow were predicted by the weather bureau for western Pennsylvania. The low temperature last night was 45 degrees. A high of 52 is expected tomorrow.

Wreckage of a Royal Dutch Constellation airliner lies scattered on the ground near Tartar, Scotland, after it crashed in a thick fog, killing 39 persons. Nine Americans perished in the plane, bound from Amsterdam to New York. Of 40 persons aboard, only one Dutch passenger survived.

**Dewey's Campaign To Wind Up With Four Big Speeches**

New York, Oct. 22—(AP)—Four big-city speeches and an election eve broadcast will wind up Gov. Thomas E. Dewey's campaign for the presidency.

The Republican nominee elected today to close his drive with nationally broadcast talks in Chicago, Cleveland, Boston and New York.

Between them, in the final 10 days of the campaign, he arranged to sandwich in some barnstorming talks in Massachusetts, Connecticut and Rhode Island.

But missing from the list was any appearance in West Virginia, where Senator Chapman Revercomb, Republican, is struggling for re-election in a highly critical senate race.

And the Dewey strategists, who summed up their ideas about the campaign in a four-hour conference here yesterday, turned down demands for the candidate's appearance in Detroit.

At the conference, besides Dewey, were Herbert Brownell, Jr., campaign manager; Russell Sprague, an adviser; Rep. Leonard Hall; Roger Straus, president of the American Smelting Company; Elliott Bell, New York bank commissioner; Paul Lockwood, the governor's secretary; James Higerty, his executive assistant; and William Murphy, publicity director of the GOP national committee.

The consensus was that Dewey has the presidential race won, and should not extend himself in the last days of the campaign.

In line with this, all he had definitely on his agenda today was an appearance at New York headquarters of the Dewey-Warren ticket.

The verdict was read in court at 12:20 o'clock this morning. The jury deliberated only an hour and a half before voting for first degree murder with a recommendation of mercy.

District Attorney asked the jury for a "first degree verdict" and added: "Give him the same mercy he gave her."

**VICTIM OF TURNPIKE CRASH IS IDENTIFIED**

Greensburg, Oct. 22—(AP)—A driver killed in a five-way truck crash on the Pennsylvania turnpike yesterday was identified by state police as Milton G. Griffin, of Talladega, Ala. The machines piled up in a heap.

Griffin, an employee of the Interstate Motor Freight System, working out of Chicago, was burned to death when flaming tar sprayed over him. Two other drivers injured in the wreck were reported recovering.

State police said property damage had been estimated at \$75,000. Westbound traffic on the nonstop highway was blocked six hours.

Meanwhile, another turnpike accident claimed its second victim. James Fergus, 67, superintendent of the West Newton Water Co., died in the Everett Hospital of injuries suffered Wednesday in a collision which killed his wife, Mrs. Martha McMillan Fergus, 64.

**PITTSBURGH WOMAN IS FATALLY BURNED**

Pittsburgh, Oct. 22—(AP)—Sadie Sims, 55, died early today in Allegheny General Hospital from burns suffered yesterday at her home on the north side.

Miss Sims, who had been recovering from a broken hip suffered in an auto accident several weeks ago, ignited her clothing accidentally in bending over a heater.

Fire nearby dashed into the home, smothered out the flames. He suffered burns on the hands.

**REPUBLICAN FINANCES**

Washington, Oct. 22—(AP)—The Republican finance committee of Pennsylvania reported contributions of \$428,547 and expenditures of \$360,495 from Jan. 1 to Oct. 18, 1948. In its semi-annual financial report to Congress made public yesterday the committee said that the balance on hand Oct. 18 was \$353,480 which includes \$285,428 in the treasury at the start of the year.

**ADOPTION OF SOVIET MARK IS SUGGESTED****Joint Resolution of "Little Six" Says Hour of Harmonious Decisions Has Arrived****VISHINSKY IS UNMOVED**

Paris, Oct. 22—(AP)—The six "neutral" powers on the United Nations Security Council called on Russia today to lift the Berlin blockade at once.

The meeting was delayed nearly an hour by last minute conferences among the Big Four delegations directly concerned in the issue. The United States, Britain, and France have accused Russia of endangering peace by blockading Berlin.

Russia has asserted no blockade exists and that the Council has no jurisdiction. The neutral powers—Argentina, Belgium, Canada, China, Colombia and Syria—drafted a compromise solution which the western powers accepted.

The neutrals put before the Council a joint resolution which said the four military governments of Germany should adopt the Soviet mark as Berlin's sole currency before Nov. 20 in exchange for lifting the blockade.

The resolution also provided that the Foreign Ministers Council of the U. S., Russia, Britain and France meet to seek a solution of all questions at issue over Germany.

All six neutral members of the Council spoke in favor of the resolution. Foreign Minister Juan A. Bramuglia of Argentina, acting Council president, said more time should be given the Big Four powers and the Soviet Ukraine—the 15th member of the Council—to study the resolution. He said none had seen it before the meeting. He then adjourned the session at 5:37 p. m. (11:37 a. m. EST) until 3 p. m., Monday (9 a. m. EST).

Foreign Minister Juan A. Bramuglia, of Argentina, acting Council president, presented the resolution and then addressed the delegates.

"We have reached the hour of decisions, harmonious decisions x x x of benefit to all peoples," Bramuglia said.

Andrei Y. Vishinsky, deputy foreign minister of Russia, attended, but there was no indication at the start of the Soviet attitude toward the Little Six proposal.

The Little Six resolution called on the Big Four to avoid any incident which might aggravate the situation in Berlin. The Russian, blocked the land approaches to the city—deep in the Soviet occupation zone—last June 23, soon after the western powers introduced their formed currency into Berlin. The west installed the air lift to feed and supply the 2,000,000 or more Germans in western Berlin. (Turn to Page Eleven)

**Chinese Face Hard Decision In Manchuria**

Peiping, Oct. 22—(AP)—President Chiang Kai-shek is trying to head off disaster for his armies of north China and Manchuria—and this may call for the hard decision to abandon Manchuria.

Chiang time and time again has said Manchuria will be defended to the death.

If he changes his mind it will mean for him a heart-breaking but realistic approach to the problem with which the government armies have been unable to cope.

Here in brief is what events of the past week have brought him to the decision.

**SEN. MYERS SPEAKER ON COLLEGE FORM**

Swanton, Oct. 22—(AP)—Senator Francis E. Myers (D-Pa.) declared today there was a need to go beyond the iron curtain and reach the Russian people with our plans for peace.

Until the Russian people know of our aims "the European relief program, the Truman doctrine and reciprocal trade will help stave off further Russian aggression," he said.

He said the United Nations' biggest failure was in its structure but in its unwillingness to use the machinery it has.

He added that had it been in the power of the President and Congress to change the UN into a stronger organization, it would have been done long ago.

**Toronto Boy Claims He Was Held In Slavery Two Years**

Toronto, Oct. 22—(AP)—Three persons were taken into custody for questioning today in the case of Gordon Kelly, a 14-year-old boy, found Wednesday night half-naked and apparently starving.

The boy was discovered scratching at the door of a west-end house begging for food several hours after he ran away from home. He weighed only 85 pounds.

He told police and Judge D. Webster of York county family court he had been held in slavery and mistreated for nearly two years by an elderly couple he referred to as his aunt and uncle.

He said he had lived on bread and water, was forced to do heavy housework and "almost every day" was beaten. Kelly thought his

### Music Featured In Reformed Church

"The Ministry of Music" will be the theme of the morning worship Sunday in Emanuel Evangelical and Reformed church. The service will be ushered in to the melodious tones of a new Wuritzer organ. Milton C. Munn, of Erie, will be at the console to play several selections as well as accompany the choir as it sings, "Make a Joyful Noise."

In the evening, beginning at 7:30, there will be an organ recital. Milton Munn will again be at the console to play several selections, among them one of his own compositions. Arthur Collenberg, also

of Erie, who plays with the Erie Philharmonic Orchestra, will play several selections on his violin. The church choir will also join in the program and will sing "Rejoice, The Lord Is King."

To round out a pleasant evening of music, several well known hymns will be played to which those present may join in the singing of them. This program has been arranged and will be conducted by Milton Munn on the new Wuritzer organ being installed in the church for this Sunday.

### Navy Day!

What is Navy Day? Well, the chief went on to explain that October 27th has been observed as Navy Day each year since 1922. It marks the date of birth of President Theodore Roosevelt who did so much to establish our nation as a world power and October is the month of the anniversary of the founding of the United States navy in 1775. It is now recognized as a date upon which patriotic citizen pay reverent tribute to American naval heroes and to the navy which has done so much to win and maintain our liberties.

Chief Earl R. Funk, your local navy recruiter, continued by saying it is a mistake to think of our navy as just a group of great battleships steaming majestically over the high seas surrounded by swift cruisers, destroyers, guided missile vessels and floating auxiliaries. The modern navy is a three dimensional force equipped and trained to defend and control, not just the surface of the sea, but the waters below and the skies above the sea. It also includes numerous shore stations, shipyards, supply facilities, schools, gun factories, research and testing laboratories, hospitals and air stations,

and an endless variety of facilities necessary to support the fleet. It includes the superbly trained U. S. Marines, soldiers of the sea, the backbone of amphibious forces. It includes a vast reserve establishment with its training center and tens of thousands of civilians who are training in their spare time to maintain their proficiency in naval matters. It also includes a mighty air arm capable of reaching effectively almost any spot on the earth's surface at short notice. Our navy is a well organized and efficient machine of many component parts, all working smoothly together to protect America and the American way of life . . . Your navy—victor in war, guardia in peace—your navy.

## SOVIET'S "PLANNED CHAOS"

Our three defense departments are now wondering whether they can get by on the budget for the fiscal 1950 that Mr. Truman has limited to \$15,000,000,000. They also seem uncertain how they will apportion the sums they get.

The confusion is not due to service rivalries, if reports on the budget discussions are correct. The principal trouble is that the defense heads do not know what sort of a war to prepare for, or when to prepare for it.

The world's war-fever chart has recently shown some sharp rises and falls. The Berlin situation grows tense, and up it goes. A few quiet days, and the fever subsides. All this is bound to produce uncertainty in the top military circles of the western nations. But the question—and it's one that doesn't seem to have had much public discussion—is whether the uncertainty may not be part of the Russian strategy of economic, not political, war.

This is only a question, not a certainty. There is no doubt that the Soviet government has millions under arms and millions more available, or that it is working in closest secrecy to perfect new and terrible weapons. The western countries cannot ignore these factors or fail to prepare defenses against them.

At the same time it is possible that all the Russian accusations and professed fears and provocative tactics are a part of a long-range Soviet plot to gain a number of Communist objectives with a minimum risk of conflict. Perhaps Mr. Vishinsky, with his screaminings, thumpings and apologetic countenance, is coolly carrying out a well-rehearsed program. Perhaps his mission to Paris is simply to create more turmoil, with no thought of negotiation.

Possibly the Russian leaders are thinking somewhat in this vein: We are not in shape for a long war. But the United States will not launch a "preventive" war. But the more we accuse the Americans of planning aggression the more the western world will think we are arming furiously to protect ourselves or to strike the first blow.

That being the case, they—and particularly America—will arm more furiously in return. Money meant for the Marshall Plan will be diverted to armaments for America and western Europe. Finally the Marshall Plan will fail. And Europe, on the verge of financial, industrial and moral collapse, will be ripe for revolution and communism.

The above is just a guess. It may be wrong, but it is not impossible. And since it is not, it presents a problem which the heads of western governments have doubtless considered. That problem is how to build up a strong and safe defense and still not impoverish the free world by squandering vital goods and money on an unnecessarily big war machine.

One immediate way to tackle this problem, we believe, is for the representatives of free governments in Paris to stop trying to match Mr. Vishinsky in insult and vituperation, thus perhaps playing into his hands. Another is for the heads of those free governments to strive even harder to counter Russian provocations with calmness as well as firmness.

## TIME TO WINTERIZE

Urging owners of motor vehicles to put their cars in shape to withstand the severe winter months ahead, R. B. Maxwell, secretary-manager of the Pennsylvania Motor Federation which represents sixty affiliated AAA Automobile clubs in the state, including the Warren County Motor Club, has issued an appeal to motorists to be especially concerned about the condition of tires in the interest of safety on the streets and highways.

"One of the most important factors from a safety standpoint in the winter months is the condition of tires," Mr. Maxwell stated. "Not only can poor treads mean poor traction on ice and snow, but it can also mean serious accidents."

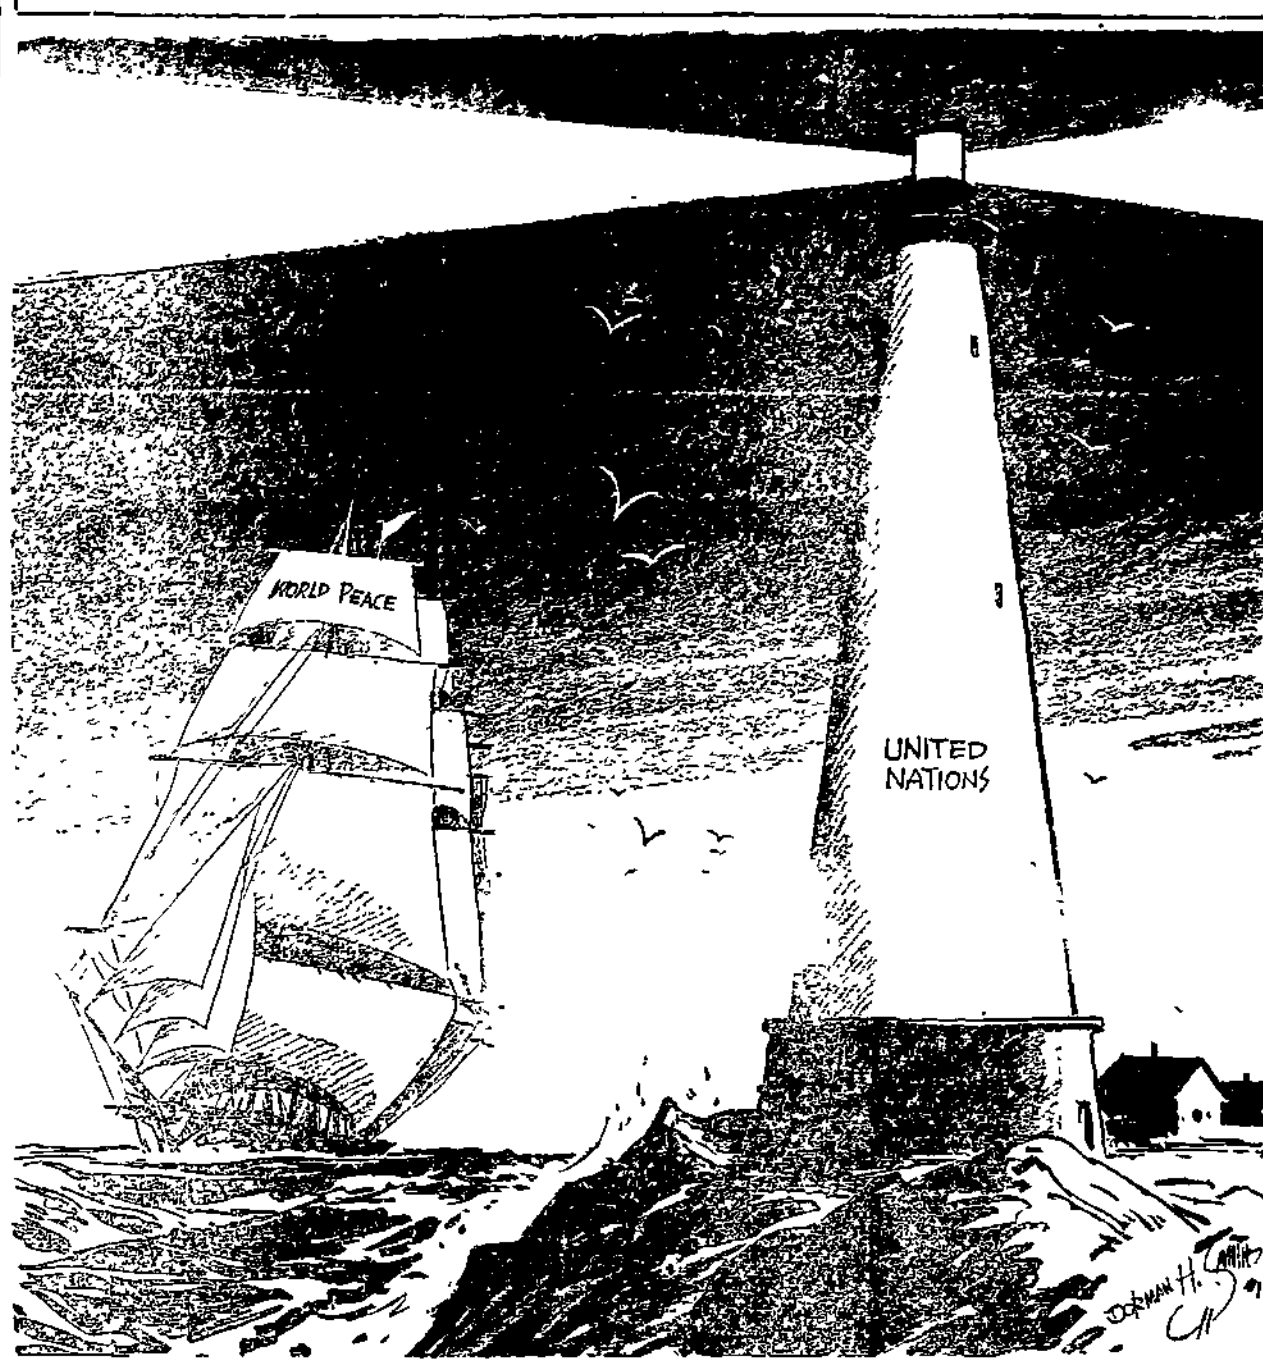

Stressing the importance of a thorough check of tires, the PMF official said that when treads are worn down to the danger point, the tires should either be replaced or retreaded.

"Of course," he continued, "many other check-ups should be made to make certain the vehicle is in safe condition for winter driving."

Maybe it's the influence of the radio giveaway shows, we don't know, but undoubtedly we're becoming a mercenary people. The other day a co-ed at Mercer University in Macon, Ga., ate a live grasshopper for \$2. It makes us sigh for the time—and it seems only yesterday—when Harvard students were swallowing live goldfish for nothing.

It's nice to have polish unless it makes you a slippery customer.

## May Its Light Never Fail

## Here And There

Coach Robert Pfing, of Bradford, talked before the Kiwanis club in that city at the Hotel Emery Tuesday, and devoted much of his discourse to a resume of this year's Warren-Bradford game last Friday evening. Among other things he said: That the play of Right Tackle Verolini and Right Guard Dink was outstanding. He called line play the main reason for victory, and told the outstanding part Bradford's pass defense played. Warren, who before the Bradford game had attempted 20 or more passes a game, could complete but three of ten tries. Pfing said that Warren's surprise kick on third down, the first time Warren had done this against Bradford in 17 years, put his team in a hole that took almost half of the game to recover from as the safety man, playing under orders, was not deep enough on the play. Coach Pfing said his team had the jitters until the closing part of the second quarter. By then a Warren weakness was apparent, that helped pick up team play. Pfing said the team did not gamble in the game, looked on fourth down no matter how little yardage there was to make 10, a rule down Lehigh that when there are no penalties in a game it is usually a result of the team's not playing. This game was just the reverse as it was a clean, hard-fought game throughout.

This And That: An incident reported from down around York emphasizes the fact that dangers of life in the country may be increasing—a farmer led an eight-point buck which appeared at his place, thinking it was "somebody's pet." With the buck hanging around for weeks, until last Monday it turned on a neighbor, knocking her against a fence and inflicting bruises and cuts. . . . Fun isn't fun when it endangers someone's life, and that's why safety experts of the Association of Casualty and Surety Companies have issued a special warning to parents to caution their children about otc.-doing. Halloween pranks you needn't be a killjoy, say the safety men; Halloween affords many opportunities for safe fun and excitement, but wise parents will inform their children of the accident potential of otc.-doing this holiday. . . . William J. Norman, chairman of D Street 9, has announced there will be a PIAA examination for basketball officials at Centennial High School in Ridgway Thursday, November 18. . . . Barber Shop Quartet Society chapters in the area are trying to interest a group of Oil City singers in forming an organization there.

RADIO GUEST — Ballad singing Susan Reed will be Gene Hamilton's guest on ABC's American music series, "Carnegie Hall," every Sunday night at 7:30 P. M. over WJTN - 1240, or WJTN-FM 93.3 on your dial.

## YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

1928  
Refiners of the Warren district interested in establishment of an airport named a special committee to secure an option on a site near Walnut street and to form a corporation to operate the project. Included on the committee were Lewis C. Jamieson of the Viking Oil Corp.; Harry R. Lewis of the Conewango Refining Co.; and G. Glen Brockway of the G. G. Brockway Corp. . . . Vally White, former organist at the Library theatre who left here to manage a theater in Sharon, visited with friends in the Warren area. T. A. Dice, of Sterling Run, reported that a tame doe that had been fed by residents of that community, had vanished, apparently yielding to the "call of the wild." . . . Ninety-four-year-old Jonathan Doud of Titusville was among the guests present when his son and daughter-in-law, Mr. and Mrs. Oscar Doud, celebrated their Golden Wedding anniversary at Blockville, N. Y. . . . J. B. Leidig's Blue and White gridders notched their sixth consecutive win by overwhelming Oil City, 31-0.

1938  
Considerable attention was attracted by the frequent ringing of the chimes in the First Methodist church. Investigation disclosed that a repairman was making adjustments on the musical bells. . . . Glenn G. Grosch, 122 Russell street, received word from New York state police that his truck, which had been stolen here, was recovered in Chautauque county and that a Reno, Nev., man was being held in connection with the theft. . . . Secretary of Highways Roy E. Brownmiller reported the state had taken over maintenance and repair of 67.63 miles of road in Warren county since January 1935. . . . A buck deer, weighing about 100 pounds, jumped through the window of Mader Sales Company, corner of Pennsylvania avenue, east and Carver street. The animal suffered a broken leg and had to be shot by Police Officer Jerry Park.

## Red Tape On Telling Boss About How To Run Business

By JAMES MARLOW  
Washington—(P)—A couple of  
men, or a dozen or a hundred,  
can tell the boss they don't like  
the way he runs his business.

And he can't fire them for it.  
But—It's all right only so long  
as two or more do that. If one  
man by himself tries it, the boss  
can—if he wants to—bounce him  
on the spot. Why?

The reason was made pretty  
clear this week in a case that went  
up to the supreme court.

Ten salesmen in the Chicago  
branch office of the Phoenix Mut-  
ual Life Insurance company got  
sore.

The cashier was leaving, the  
fourth cashier in a couple of years  
to leave.

And the cashier was important  
to them. They felt, in helping with  
their accounts. So each time a new  
cashier was hired it slowed them  
down.

They agreed to tell the boss in  
a letter how they felt, with two  
of them writing it and all 10 sign-

ing it.  
The boss found out about the  
up-coming letter and fired the two  
men who were going to write it.  
They went to the National Lab-  
or Relations Board (NLRB)—the  
government agency which carries  
out the Wagner and Taft-Hartley  
national labor laws and interprets  
them when some question of mean-  
ing arises.

The NLRB decided the boss had  
no right to fire the men, that un-  
der the law he had engaged in an  
unfair labor practice. Why?

Because the law says "employees  
shall have the right to x x x en-  
gage in concerted activities for  
the purpose of x x x mutual aid or  
protection."

So the NLRB ordered the boss  
to give the men their jobs back  
and pay them for any earnings  
lost while they were out of a job.

The insurance company refused.  
And the NLRB went to the U. S.  
circuit court of appeals to make  
the company obey. The court up-  
held the NLRB. Then the case

went to the highest and last ap-  
peal: To the U. S. supreme court.  
On Monday the supreme court  
said it would not review the case.  
Which means: The verdict of the  
NLRB and circuit court stands.  
The men have to be rehired.

But note something: The key  
phrase in the law covering such a  
case is "concerted activities,"  
which means action by two or  
more employees.

This law is a national law and  
applies only to firms whose prod-  
ucts or business cross state lines.  
But that means most businesses.  
It would not cover employers or  
employees in, say, a purely local  
candy store or some shop or office  
whose business is done entirely  
within one state.

## New All-Time Record Crude Oil Output

Tulsa, Okla.—The Oil and Gas  
Journal's weekly oil production re-  
port carried a familiar ring today  
—another new all-time record for  
the nation.

Daily average production for  
the week ended Oct. 16, the Jour-  
nal said, was up 42,730 barrels  
over the previous week's figures.  
This made the country's total daily  
average 5,587,705 barrels.

Two states, Oklahoma and Wy-  
oming, hit new highs for the year.  
Oklahoma's output increased 1,950  
barrels to 432,250. Wyoming's  
went up 2,680 to 161,610.

California had the greatest gain.  
The coast state, the nation's sec-  
ond largest oil producer, almost  
reached the figures it had before  
its refinery strikes, reporting an  
increase of 25,520 barrels to  
937,500.

Other increases were listed for  
Kansas, up 11,800 barrels to  
302,500; Michigan, 4,150 to 47,950;  
Montana, 1,280 to 26,210, and Mis-  
sissippi, 1,105 to 126,400.

Florida gained 25 barrels to  
825. Alabama increased 150 to  
1,400, and Illinois was up 500 to  
18,600.

Greatest declines were in the  
following states:  
Indiana, down 2,900 barrels to  
24,500; Kentucky, off 1,200 to  
23,900; and Colorado down 1,310  
to 47,450.

The eastern area dropped 300  
barrels to 67,800. Arkansas was off  
250 to 82,050, and Louisiana lost  
200 to 481,950.

Production was unchanged in  
Texas, 2,507,000 barrels; New Mex-  
ico 133,310, and Nebraska, 350.

## Snyder Says Foreign Aid Is Necessary

Miami, Fla., Oct. 22—(P)—The  
United States "cannot hold back  
on national defense at a time  
when the international outlook is  
as grim as it is now," Secretary  
of the Treasury John W. Snyder  
declared today.

In a speech prepared for deliv-  
ery before the 30th annual Nation-  
al American Legion convention,  
Snyder said we also cannot afford  
to withhold proper foreign aid.

"We have given aid to England,  
France, Italy and other western  
European countries under the in-  
terim-aid and the economic recov-  
ery programs," he said. "Our ex-  
perience up to now has been that  
these expenditures are sound pol-  
icy. We are succeeding in our ob-  
jectives of promoting recovery and  
stemming the inroads of Commu-  
nism."

Snyder said the public debt  
could not be reduced in the fiscal  
year 1949.

"The federal budget picture for  
the year is not encouraging," he  
asserted. "To put it briefly, we are  
in the red again. The bureau of  
the budget estimates that the  
government faces an operating  
deficit for this fiscal year of a  
billion and a half dollars. That  
can mean but one thing. We shall  
not be able to go on reducing the  
public debt during the fiscal year  
1949."

## MacKenzie's Column

By BELMAN MORIN  
AP Foreign Affairs Analyst  
(For Dewitt MacKenzie)

"If you give up Berlin, you give up Europe," the German said. "It is as simple as that."

He is a Berliner, a member of that group of newspapermen who have been in the United States studying American newspapers and their methods. Quite probably, his opinions are weighted on the side of American policy in Germany, since he lives under the protection of American arms, and practices his profession by virtue of an American license.

However, he is no yes-man. He is quietly critical of some phases of American policy, but not as it relates to Berlin.

His reasoning, I think, is worth reporting, as a counterpoise to the arguments of many Americans who believe we have blundered terribly by clinging to our perilous perch in Berlin. Here it is.

"In the first place, if you get out of Berlin—suppose you withdraw to the Anglo-American zones of occupation in the west—then you merely transfer the point of friction."

"You would still have a common

zonal border with the Russians. The incidents and the causes of tension would quickly begin to appear there. They would find excuses and reasons for interference in Bizonia, just as they have in Berlin—most probably over the administration of the Ruhr."

But, he said, a result of vastly greater consequence would accrue if the Americans pulled back.

He estimated that less than one per cent of the German people, even those who live in the Russian zones, are Communists or even communistically inclined, at this point.

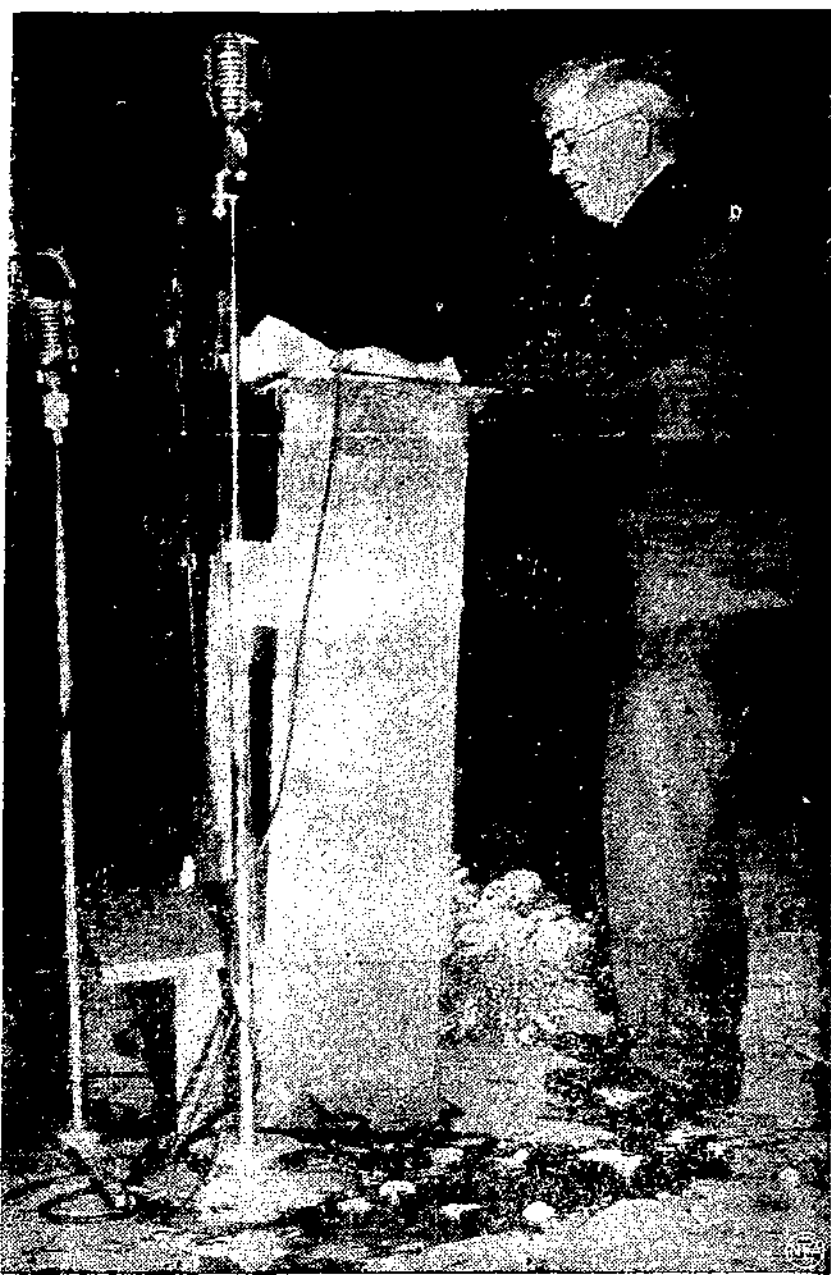

"Statistics, of course, would show a much higher proportion. But you must remember that, for a German living in the Russian area, it is much wiser to pay lip service to the Russians and their ideas than it is to openly speak one's mind."

"There is a matter of ration-cards, living quarters, and employment. It might even be the difference between life and death."

Nevertheless, most of those people are, as he put it, "standing firm in the dark."

Throughout the rest of Germany, there are millions of other

## 'Seems Familiar'

Henry Wallace continues his speech in Pittsburgh's Duquesne Gardens after several eggs showered down on him from an open skylight, splattering his shoes and manuscript. The Progressive presidential nominee took the incident with a laugh, saying it "seems familiar." Note the broken eggs at his feet.

Germans who not only pin their hopes on the western Democracies but have put their lives on the line by taking jobs—such as this—under the western military governments.

"It is not difficult to picture the fate of these people if all Germany comes under Russian control."

To a lesser degree, he said, the same is true of all western Europe. Again, he argued, it includes those "satellite" nations that are now in Russian hands.

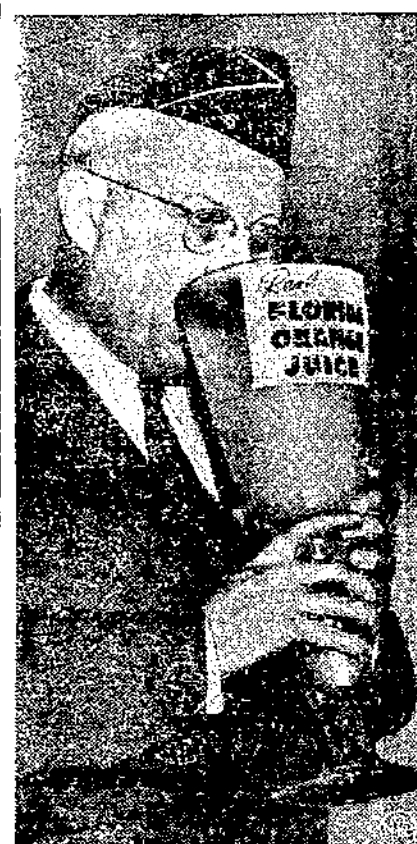

Their resistance, he believes, will vary in direct ratio to the amount of resistance the United States, as a nation, presents. "As you hold your lines, they get bolder. If you retreat, they will retreat, morally and psychologically, with you."

Education is still the important issue in the Regular Army. Get all the details by calling at your nearest Army Recruiting Station, Room 207 Postoffice building.

## Many Attend Meeting Held In Sheffield

Sheffield, Oct. 22.—The combined meeting of the Mothers Clubs, held in the Lincoln school, drew a good crowd. The guest speaker, H. L. Blair, county superintendent of schools, had for his subject "School Taxes and How They Are Spent." The following musical numbers were presented under the direction of Loren Wright, music supervisor: Trumpet solo, "Angels Serenade," Lee Chamberlain; vocal solo, "I Love a Little Cottage," Barbara Sadler; vocal solo, "The Hills of

## None There

To the Editor:  
I heard a story about Johnny Appleseed the other day. It seems that Johnny tried never to harm a living creature—even an animal or an insect. On one occasion, the story goes, "one autumn night, when Johnny, who always camped out in preference to sleeping in a house, had built a fire near which he intended to pass the night, he noticed that the blaze attracted large numbers of mosquitoes, many of whom flew too near his face and were burned."

He immediately brought water and quenched the fire, accounting for his conduct afterward by saying, 'God forbid that I should build a fire for my comfort which should be the means of destroying any of His creatures!'

Now, as I thought about that, I said to myself, "If a modern Diogenes (the man with the lantern) should start out looking for a Johnny Appleseed today, the one place of all others where he would not bother to look for him would be in the booze business." Don't you agree?

Chicago, Ill. — "Americans spent more than 45 billion dollars in 1947 for beverage alcohol, tobacco, gambling, crime, and commercialized vice," asserts Fred D. L. Squires, national WCTU research counsel, in the Sept. 18, 1948, issue of The Union Signal. "This is almost as many billions as the entire food bill for the nation during the same period (49.3 billion dollars)."

"Alcohol drained the purses of Americans of \$9,640,000,000, and tobacco burned up \$3,880,000,000 of Americans' hard-earned cash."

## Christmas Project Meeting Planned

The second meeting of the Girl Scouts participating in the Christmas project of the Juliette Low delegate council, will be held Tuesday after school in the First Methodist church.

Mrs. William Glassman, chairman of the Juliette Low Committee of Girl Scouts, is in charge of the project.

At the delegate meeting held recently, the girls suggested that bibs, dolls, stuffed animals, knitted caps, wooden dolls and toys and drawing bags to be filled with small necessities, be made this year.

Last year 189 items were completed and sent to a camp for displaced persons. Girls from not only Warren, but North Warren, Sheffield and Kinzua contributed to the boxes sent.

The project lasts for six weeks with the seventh week presentation of service ribbons being made and entertainment provided for workers.

Girls who did not come last week may still register to help with this international friendship project Tuesday after school at the First Methodist church.

### LACY SCHOOL UNIT

Dr. Carl Whipple was guest speaker for the October meeting of Lacy PTA, presenting an interesting discussion of the proposed vocational guidance program for high school boys. In his talk, Dr. Whipple outlined the need for vocational guidance in Warren schools, and brought out the fact that Warren county industries and organized labor are in favor of the program and will cooperate with it. He went on to outline the four classes of boys who will be interested in the courses and the way in which they will be taught.

Miss Gladys Jensen, accompanied at the piano by Walter Whalley, sang three lovely solos.

During the business meeting, Mrs. Roger Olson thanked the group for sending her to Scranton to the PTA convention and outlined briefly some of the interesting points discussed at the meetings. Miss Brown brought a message of greeting from the principal, Miss Effie Paterson, who has been ill since school started. Mrs. Trauffer announced the Study Club meeting to be held at her home, 123 Grant street, Monday evening and invited all to attend. The school was presented with a record player by the unit. Attendance award for the evening went to Miss Brown's room. To close the evening, refreshments were served by a committee of first grade mothers.

### IRVINGDALE UNIT

There was a large attendance of members at the October meeting of Irvingdale PTA, when Mrs. Marie Hart reported the unit now has a membership of 140. Howard Lardner, finance chairman, reported \$23 realized from the paper drive and announced a Halloween dance to be held at the school on Thursday, October 28. Mrs. Hultman displayed coffee pitchers and silverware which she had purchased for the unit. Members brought a great many articles to this meeting to make the unit's kitchen shower a complete success. Mrs. Howard Whitmore reported on the School of Instruction which she attended recently.

For the evening's program, Mrs. Hultman presented Donald Smith, eighth grade pupil, who read his essay on Pennsylvania. Lenore Thurston and Gladys Truett, state nurses, were both in attendance, the former presenting an interesting resume of the work of this division of the state public health department. She spoke particularly of the work with polio patients and urged her listeners to contribute generously to the annual March of Dimes through which funds are raised for this purpose.

At nine o'clock, the group tuned in on the school radio for the "We, the People" broadcast from New York. After this, Mrs. Hunter showed films on the bombing of the USS Franklin and Dr. Quay's return aboard the ship on its return trip to New York harbor, gave some interesting details not included in the pictured story. Henry Klacamp, former student at the school and serving aboard the Franklin at the time of its destruction, displayed a scrap book which he kept while aboard the ship.

To conclude the very pleasant evening, refreshments were served by Mrs. John Allen and her committee.

### COMMUNITY COUNCIL

The new president, Mrs. James Richards, was in charge of the first fall meeting of the Community PTA Council, held at the YWCA activities building. After Mrs. Richards had read the PTA Prayer, routine business was transacted. Reports showed 88 registered delegates at the School of Instruction recently held.

Dr. Carl E. Whipple announced that Education Week, November 7-12, will be observed in Warren schools. Mrs. Richards gave the group a splendid outline of the work, programs, topics and speakers at the state convention in Scranton.

Lacy unit served refreshments at the close of the meeting, with Mrs. Richards and Mrs. Roger Olson presiding.

**Gathering Dust**

Mrs. Walter Mather, chairman of the PTA community party committee, pens us a note that a seventh and eighth grade Halloween party is scheduled at Beatty building this evening. Nancy Cannon and Lois Radspinner, who have been named co-chairmen for the event, have been hard at work for days ironing out the many details necessary to assure a good time for all concerned.

Reporting belatedly on the last community party, we find that Nancy Geracimos and Sandy Mavrelis, co-chairmen, had the assistance of a fine group of workers. Refreshments were in charge of Becky Keim and Dave Winans, with Ann Israel, Carol Barrett, Ann Dalrymple, Dorothy McGarry, Joyce Allen, Paul Neuman, Buddy Chiodo, Dick Cunningham and Rodney McCollough as aides. Decorations, built around Halloween colors and a Spooks theme, were most attractively done by Audrey Kiernan, Barbara Anderson; on the set-up arrangements were Roger Parfitt and Nick Mangus, with Audrey Kiernan, Barbara Anderson, Carol Komaier and Ann Johnson minding the door.

The band, much enjoyed and appreciated, was composed of Don Wood, Teresa Fino, Neil DeStefano, Dean Swanson, Creed Erickson, Jerry Aurilio, John Wood, Dale Soderberg and Guilio Rino, home for the weekend. The clear-up outfit, more than appreciated by the chairman and supervisors—establishing a new record of having everything cleared away in 25 minutes—was composed of Sandy Mavrelis, Peggy Henderson, John McGarry, Louise McCollough, Tom Cannon, Jim Johnson, Dick Schuler, John Elliott, Nancy Geracimos, Dave Winans, Becky Keim, Dick Updegraff, Rodney McCollough and Jack Brennan.

Chaperones for the function were Mr. and Mrs. Fred Shattuck, Mr. and Mrs. Harold Mathis, Mr. and Mrs. Andrew Thompson,

**Surprises In North Warren Celebration**

Many of the members of the various committees for the North Warren Carnival, which will open on Wednesday, October 27th, are extend through Saturday, October 30th, are veterans of the entire 11 successive carnivals shown in the neighboring village.

They have helped to make it an event that grows from a small beginning in a building near the present location of the West Penn Oil Company to the present extravaganza which occupies not only the entire Community House but a large tent annex to the south of the building. It is their opinion that from the progress of the preparations this year's event will surpass anything yet attempted.

Richard Loper, who is in charge of the decorations for the buildings has something new and different to offer. He has gone all-out so that those attending cannot fail to catch the Halloween and carnival spirit.

As usual, there will be games of interest to both young and old and each evening there will be free entertainment. In order to bring to the carnival entertainment of the highest caliber, the committee has gone to considerable expense and is booking highly recommended professional acts from a Buffalo agency. The act which will appear the first three nights of the carnival have never appeared in this vicinity prior to their appearance at the carnival.

After three big nights, the carnival will reach its climax when the kiddies of North Warren and vicinity will parade on Saturday, October 30th, at 2:30 p. m. And in the evening, when there will be distribution of valuable gifts.

# Trieste Trio Is Paid Compliment Of Breathless Attention By Audience

Without a doubt the finest program of chamber music ever to be heard in Warren, at least within the memory of this writer, was given at the Woman's Club last evening when the Trieste Trio held a capacity audience spellbound for nearly two hours.

The three 27-year old men have, at a relatively tender age, reached a degree of musical perfection seldom heard in organizations of this sort. If one could name a leader of the three, it would be Dario De Rosa, pianist, whose accompaniment was perfect.

The tone of cellist Libero Lanna was something at which to marvel. At all times sweet and true and at all times in perfect accord with the notes from the violin of Renato Zanetovic the result was a reading of three trios by Mozart, Beethoven and Dvorak which left nothing to be desired except more of the same.

The group opened its program with Trio in B Flat Major, KV 502, by Mozart. As the second offering, Fourteen Variations by Beethoven, was played. The program closed with the Dvorky Trio by Dvorak.

The trio responded with only one encore and then closed the evening's entertainment because of the necessity of making train connections at Olean, N. Y. They will appear in Hagerstown, Md. tonight for their fifth American concert.

# International Vice President Will Feature Lions Program

Warren Lions Club members, holding their 25th anniversary celebration with dinner at the YWCA activities building next Tuesday evening, will have the pleasure of a visit from Walter C. Fisher, of Queenston, Ontario, who is first vice president of Lions International.

Mr. Fisher was elected to that important post at the international convention held in New York City in July of this year. He had previously served the international association as third and second vice presidents and as international director.

Lion Fisher has served with the St. Catharines Lions Club as director, as chairman of various committees, and, in 1941-42, as president. He has also served as deputy district governor of Zone A, and as district governor of District A. In addition, he has held the office of president of the International Association of Lions Clubs of Canada.

He was born in Queenston and, following his graduation from its public schools, attended Niagara Falls Collegiate Institute and the Agricultural College at Guelph, Ontario, receiving his bachelor of scientific agriculture degree from the latter institution in May, 1926.

He is married and has three children, is a member of the United Church of Canada, and has been superintendent of his Sunday school for 20 years. He is a member of the Queenston school board and is active in other community affairs in that community and in St. Catharines.

**Scholarship Award  
Plan Discontinued**  
Aspirations of a group of Warren High School seniors have been rudely shattered by a letter just received by school officials from John M. Stalnaker, director of the Pepsi-Cola Company's scholarship award board.

In his letter, Mr. Stalnaker informs the school that "the board regrets that its scholarship selection program announced for this year, 1948-49, is being cancelled because the directors of the Pepsi-Cola Company have decided to discontinue providing additional scholarships at this time."

Allen Anderson, Gail Bevelevin, Robert Brumagim, Ruth Davis, Nell DeStefano, Elizabeth Dunham, Cras Erickson, Bruce Forsman, Richard Hamilton, John Hanna, Charles Hutchings, James Johnson, Bonnie Mack, Nick Mangus, Helen McCune, Wendell Peterson, Emma Lou and Nancy Lee Plummer, Keith Vesling, Nancy Whipple and Randall White.

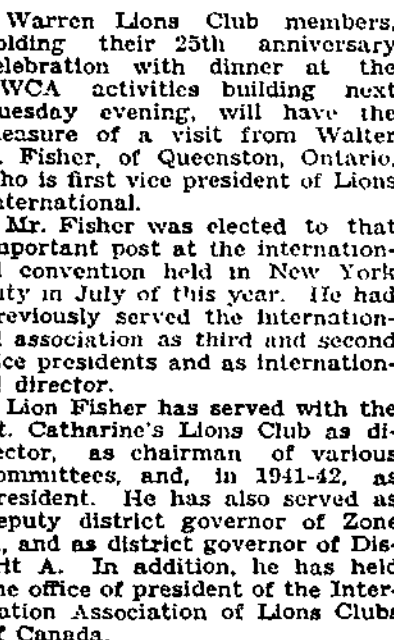

**TORPEDO**  
Mr. and Mrs. Ed Williams, Torpedo RD, have received word that the body of their son, Pfc. Ellis E. Williams, will arrive in Youngsville next Tuesday for final rites and reinterment.

Young Williams attended Youngsville schools and entered the armed forces for service in the medical department on January 7, 1943. He had been overseas about a year when he died in Germany on July 4, 1945.

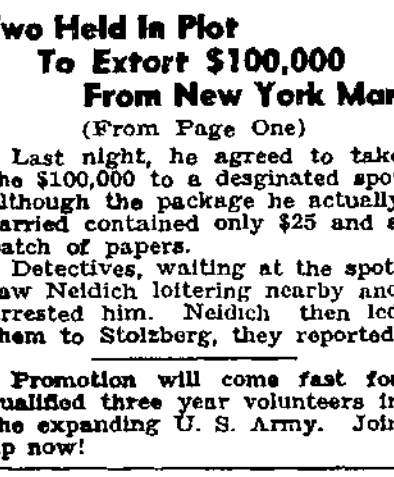

Besides his parents, he leaves one sister, Mrs. Ross Davis, Youngsville.

Removal will be made to the Young Funeral Home, from where services will be held at two o'clock Wednesday afternoon. Rev. E. W. Chitester, pastor of the Methodist church, will officiate and interment will follow in Newton cemetery.

Members of the Halgren-Wilcox Post, American Legion, of Youngsville, will be in charge of the military rites.

Classy Weekend Grid Card Lists Home Tilts For Warren, Sheffield, Youngsville And The Red Jackets

Grid action plenty is in prospect for Warren district football fans as weekend, with Warren, Sheffield and Youngsville high school teams all playing home tilts Saturday afternoon, and the Warren Red Jackets capping the action with a scrap on War Memorial Field Sunday afternoon.

The Dragons collide with the highly-touted Ridgway eleven which has bowled over six straight opponents by lopsided margins. The scrap is booked for War Memorial Field in Lexington avenue with kickoff scheduled for 2:30 o'clock.

Those who have seen the Ridgway squad in action report the team is big and powerful, and that the star halfback, Mike Posallo, who usually wears jersey No. 40, will stand in the front ranks of any later listing in the district. Working with Mike in the backfield are Wade Olson, who was switched from quarterback to blocking halfback; Jack Michael as signal caller; and Sonny Johnson in the fullback spot. The squad usually operates off the "T".

The fact that Ridgway has averaged 26 points per game for their 12 victories speaks well for their scoring punch, but their defense apparently is not quite as good and solid as the Dragons. By way of comparison, the Blue and White squad has averaged 17 points per game in seven scraps.

Sheffield's Saturday afternoon clash on the Sheffield Memorial field will be against Johnsonburg, while at Youngsville, the Eagles will take on the Flying Dutchmen from St. Mary's. Both of these scraps also will start at 2:30 o'clock.

Sunday afternoon's game on the War Memorial field will pair the rejuvenated Red Jackets against another star-studded eleven from the Pittsburgh district, the New Kensington Aluminers.

Starters for the Aluminers are all former College gridders except Aspinus, the left half back, who played for Great Lakes Naval Training Station. Others in the backfield include C. Johnson, Georgia University, quarterback; Adams, Morris Harvey, right halfback; Hanna, Miami U., fullback. On the line will be J. Balla, Carnegie Tech, and M. Healey, Duquesne, at the terminals; M. Nicastro, Rio Grande, and C. Levanousky, Kentucky, at the tackles; F. Marisco, Alliance, and L. Birly, C.U., at the guards; and L. Kossar, Pitt, center.

The record of New Kensington is three wins and no losses. They have been rained out of three games, one of which was with Erie. They wear blue and gold jerseys with gold helmets.

New Kensington was in Pennsylvania Pro League last year with McKeesport, Altoona, Stowe, Rox and Erie. They withdrew from league because the league schedule tied them up too much from playing exhibition games.

The Red Jackets line-up will remain the same as last week with Pollock and Allen at ends, Zolbert and Brooker at tackles, Barber and Dickerson at guards, and Schmalder at center. Bailey will be at quarter, Leonard and Untermyer at half-backs and Snyder at fullback.

The bus breakdown trip to McKeesport and the rained-out game with Tarentum Steelers on Sunday have given the boys considerable rest and all the bruises are healed up. John Foley, the coach, has been drilling hard on the "T" formation and he feels the boys are going to be tough to stop. Paul E. Eise, speedy halfback, has recovered from his injury and will be available Sunday. Dave Lopez, left-handed pass-thrower, has recovered from the injured left shoulder and is expected to see action this Sunday.

Three Warren High School Reserve eleven will swing into action Monday afternoon. The Drag-nettes will battle the Kane Seconds on War Memorial Field at 8:15 o'clock, while other Blue and White squads will go to Lakewood, N. Y., to face the South-

Dana Qualifies In Mexican Tourney

Mexico City, Oct. 22—(P)—Low Medalist Frank Stranahan of Toledo, Ohio, met Amanda Dany of Mexico today in the first round of the Mexican amateur golf tournament.

Stranahan, who holds the British and Canadian amateur crowns is a heavy favorite to recapture the Mexican title he won in 1946. He fired a 69, three under par for the tough Mexican Country Club course, yesterday to lead qualifying. Only four players, all Americans, were able to equal or crack par 72 over the rain-soaked layout.

The others were Larry Dana, Jr., of Bradford, Pa., 71; Charlie Kocsis, of Detroit, Mich., and Bobby Riegel, of Houston, Tex., each with 72.

Dana met Allan Cooke of Houston, Texas, in the first round. Riegel played Roberto Chavez, of Mexico.

Western Central Reserves, and to Corry to meet the second stringers there.

The Warren Freshman squad tripped up the Corry Yearlings yesterday afternoon by a 27-7 score.

FUSARI-ROBINSON FIGHT IS BOOMED

Jersey City, N. J., Oct. 22—(P)—If a couple of imponderables work out, Ray Robinson may lay his welterweight title on the line against Charley Fusari, the reformed Irvington, N. J., milkman.

The imponderables are, in order of importance: 1. Can Ray make the 147-pound welter limit any more? There are many who say he can't.

2. Does Fusari want to fight N. J., welter in the Armory last Tippy Larkin, the veteran Garfield, Robinson? After Charley stopped night in the Tournament of Champions first indoor promotion, Fusari said he was eager to meet Robinson.

However, Vic Marsilio, Fusari's manager, hemmed and hawed over the proposition. Larkin, who was knocked out by Fusari once before, managed to stay on his feet this time, but when Referee Paul Cavalier stopped the proceedings in 2:35 of the sixth of the scheduled 10-rounder he was wobbling all over the ring.

BOWLING SCORES

COMMERCIAL LEAGUE

They set up new league scoring marks each week in Commercial Tenpin League action each week and then knock them off like clay pigeons on a skeet range the following week.

Last night, it was the team match total that was shattered. Penelec did the trick with a 2808 aggregate that carried the electric squad to a 3-1 triumph over Coe's Paints. Jim Urbanski set the pace with a 617 aggregate on games of 184, 235 and 185.

In other tilts, Rudolph copped a 3-1 decision over Times Square; Tempieton Morticians whitewashed Olson-Bjers; and Mucha's Restaurant shellacked Sherwood Refiners.

Joining Urbanski in the high scoring department were Harry Wooster with 202-218-182—583 for Coes; Lefty Clark with 169-188-222—578 for Tempieton; and Lou Veschio with 198-193-181—572 for Mucha's.

Papalia's Esso handed the high-stepping New Process Mailers their first setback in six weeks of league action, while Bakers Atlantic zoomed past the Millers Atlantic at a 3-1 clip to take second place in the league race.

In other league scraps, Metropolitan Life Insurance and Carlson's Olds split even on match points, while New Process Shipping put a 4-0 label on the New Process Refiners.

Elmer Dutches, anchor for Bakers, set the scoring pace for the evening with a nifty 572 aggregate on games of 181, 153 and 238. "Hunt Safely" Appeal Issued By Gov. Duff

Governor James H. Duff has appealed to Pennsylvania's hunters to observe this week as "Hunt Safely Week" by giving renewed pledges of safety and caution in the fields and woods to reduce hunting fatalities this year.

"Hunting accidents can and must be eliminated entirely and any hunting accident, fatal or otherwise, can be attributed to carelessness," the Governor said in a statement aimed at Pennsylvania's approximately one million hunters.

"Every hunter who goes into the fields, brush or forests must be made personally aware of his responsibilities."

"Before going out at all, he should first check the condition of his firearms as to safety features, condition of the mechanism and bore and the accuracy of the scope. This is necessary for his own protection as well as the protection of others. A plugged or rusty barrel, or a cracked or faulty receiver or trigger mechanism is dangerous to himself as well as to others.

Every hunter should be altogether familiar with the range and characteristics of the firearm or firearms which he uses in order to provide maximum safety for those of his own party or those who may be hunting nearby.

"Hunters should also establish patterns of safety habits in the loading or unloading of their pieces and method of carrying the weapons and follow the standard procedure of always unloading the piece before putting it down.

"Hunt safely" is more important than hunting and this involves countless precautions.

"Hunters' and sportsmen's organizations in our Commonwealth have done an outstanding job, aiding the State Game Commission in providing good hunting, and in bringing about safe hunting.

"Hunting is a sport filled with pleasure and enjoyment and there is no room for carelessness."

Disappearing Small Game Is Problem

Harrisburg — The State Game Commission said today a large proportion of the game it distributes never reaches hunters' bags and it is trying to find out why.

"It is a real serious problem," declared Thomas D. Frye, the commission's new executive director. "We need the cooperation of everyone in trying to find the answer."

Frye said the commission each year releases thousands of rabbits, quail and pheasants but that between the time they are freed and the small game season starts, most of them have disappeared, apparently into thin air.

"We don't know where they go and apparently sportsmen don't either," he said. "Right now we are doing research along with federal agencies to try to find the answers."

The Game Commission each year, Frye added, releases thousands of quail but when a quail census is taken a short time later, most of them have disappeared.

"Sometimes we are afraid we are, in effect, wasting our time in raising them," he said.

Frye said sportsmen have a "strong feeling" that one of the

answers to the problem of disappearing game is providing birds and rabbits "with the food and cover so they can exist."

But he said this poses a tremendous problem that cannot be solved without the cooperation of sportsmen.

"We have some 855,000 acres of game lands in Pennsylvania," he explained. "If we spent \$1 an acre on food and cover that would take half of what the commission gets from the present resident hunting license fees and what would we have to show for it?"

#### FLOOD SUITS

Damages totalling nearly \$2,000 were awarded two Erie residents in their "hood" suit against Cecelia Schaefer, owner of several real estate properties in Erie. Plaintiffs in the suit were Mr. and Mrs. Richard W. Lewis and Mr. and Mrs. Harry Carey, who claimed \$15,000 damage to their home during the famous July 22, 1947 flood of Erie city.

#### MAY BE A FRAUD

The Warfren County Council, Boy Scouts of America, have received word that a boy is making a canvas of homes and people on the streets for funds. The boy says that the collection is for one of the troops to be used for displaced persons in China. As far as the council officers can determine, Frank Parker, Scout executive says, there is no troop sponsoring such a project. The Boy Scout Council does not ask boys to make solicitations that way and are making an effort to determine the source of the canvas. The council asks that no one make any contribution to the Boy Scouts until they have full information concerning its use.

## Grade Crude Group Plans '49 Activities

Bradford — Directors of the Pennsylvania Grade Crude Oil Association laid plans for 1949 activities of the organization at a meeting in the Emery hotel here.

Membership applications for next year receiving approval included those of 13 refiners of Pennsylvania grade crude oil, 192 jobbers located throughout the United States, and 21 marketers in Europe, Asia and Australia. Producer memberships are on a continuing basis and total about 900.

A resolution of regret was adopted in the recent death of Otto F. Koch, chairman of the board of Kendall Refining Company and a former director of the association.

D. T. Ring of Columbus, Ohio, association president, conducted the meeting. He was assisted by W. C. Wenzel of Oil City, association executive manager. Directors present included the following from Bradford: D. T. Andrus, George H. Daggett, J. E. Fisher, G. J. Hanks, A. J. Saxe, A. C. Simmons, C. E. Streeter and John E. Seiden.

Other board members attending were F. G. Bannerot, Jr., Charleston, W. Va.; C. A. Chipman, Bolivar, N. Y.; W. F. Clinger and H. A. Logan, Warren.

F. B. Dow, Washington, D. C.; E. T. Haskins and G. W. Holbrook, Wellsville, N. Y.; D. E. Hoffman, New York, N. Y.; and N. V. V. Munson, Olean, N. Y.

Samuel Messer, W. R. Reitz, A. W. Scott, C. L. Suhr and W. S. Zehring of Oil City; J. R. Schmitt, Philadelphia; and S. M. Vockel, Pittsburgh.

Others present included C. F. Felton of Franklin; J. P. Jones of Bradford; MacLean Houston, of Warren, and T. J. Gerin of Oil City.

## Crawford Co. Now Without Control Plan

Harrisburg — Because of a preliminary injunction issued by the Crawford County v. Control Plan, the Pennsylvania State Department of Agriculture, on advice of the attorney General, has stopped all of its animal and poultry disease control activities in that county "until such time as the injunction proceedings are cleared," Secretary Miles Horst has announced.

"Crawford County rams are wide open for any kind of animal disease to run rampant," he declared in expressing belief that few farmers or consumers fully realize the drastic effects that are possible from the court order recently obtained by 12 county farmers seeking to "de-control" the state's area Bangs disease program within the county.

"I feel sure Crawford County farmers do not understand the real significance of the court order, which also is a menace to public health," the Secretary asserted. "Should any animal disease reach epidemic proportions we would be powerless to help. Our hands are tied."

"Through the court order the Department is barred from setting up animal disease quarantines, or making tests, or approving vaccination programs of any kind. Although hundreds of farmers want us to continue, our Bangs disease control efforts are stopped cold."

"Crawford County farmers should know that if hog cholera breaks out as it did in York county this summer, we could do nothing to stop it. The same holds true for all transmissible diseases of animals including rabies in dogs, which is a ever-present menace to animals and humans alike."
